

SPRINGWELL COMMUNITY COLLEGE

Communication Policy

DATE ISSUED	September 2018	REVIEW DATE	September 2020
COMMITTEE	Education and Curriculum	AUTHOR	H Staton
VERSION	1	PREVIOUS VERSIONS	

2. Rationale

Springwell Community College recognises the importance of clear and effective communications with all stakeholders (students and parents/carers, governors, Local Authority, outside agencies, national bodies), and is committed to being open and accessible to all who have an interest in the college. The key stakeholders for the college are parents, carers and students and this policy addresses the main ways in which the college ensures effective two-way communication between home and college.

This policy is designed to create an environment of openness and ease of access for parents, carers, students and the community to the college staff and Governors. By adopting this approach, we aim to prevent minor issues becoming more serious and to ensure that major concerns are dealt with promptly and fairly.

Communications can take a variety of forms: verbal (through meetings or by telephone) or written (through letters, text message, Go 4 Schools app, notes in planners or email). Occasionally a communication may be received second hand or through an intermediary.

Surveys indicate that the majority of parents and carers are satisfied or very satisfied with the two-way communication they have with Springwell, however, this does not mean that the college always gets things right. This policy aims to clarify the parameters within which we operate to ensure that communication is carried out with all stakeholders and interested parties effectively and clearly.

Parents and carers also have a login to our web based app Go4Schools to view general college information as well as to view information specific to their child, such as their personal timetable and a record of Behaviour for Learning logs in each lesson.

3. Aims of the policy

- To improve the quality of service given to students at Springwell Community College by ensuring that effective communication and consultation takes place between the college, parents, carers, students and other stakeholders.
- To improve the quality of service by ensuring robust processes for consultation between the college, parents and students on key service areas.

4. Communication

Communication between the college and parents/carers operates in the following ways:

1. Prospective parents and carers are invited to Open Evenings, usually in the September preceding the year of entry to the college. All prospective parents and carers receive a college prospectus.
2. Prospective parents and carers are invited, along with students, to an induction evening in July where the main channels of communication are outlined and information about the college is presented.
3. Parents and carers are invited to a Tutor Evening in the Autumn term to meet the student's tutor and review how the student has settled into the college and/or academic year.
4. Parents and carers are invited to attend parents' evenings each year to meet teachers and review the academic progress of the student.
5. We also hold appropriately themed IAG (Information, Advice & Guidance) evenings at various points; for example, one for Year 9 options and another for Year 11 parents and carers to find out how they can support their children during the GCSE year.
6. The Student Planner is used as a key vehicle for communication between parents/carers and the college and this planner is fully explained at the induction evening for new parents in July and to all students as they start at Springwell. Planners are monitored regularly by tutors.
7. The college website and social media accounts are the primary form of communication with parents and carers. They provide access to a range of college communication and documents as well as providing a forum for celebrating the successes of our students.
8. Text messages are sent to alert parents and carers when especially important information needs to be shared or to inform parents and carers that information has been sent home or that it has been uploaded to the website and these are targeted to the relevant parents and carers wherever possible. **It is important parents/carers ensure the college has an up to date mobile phone number for them for this purpose.**
9. The college has an official Twitter account and Facebook account, which provides information about college events, celebrates our students' successes and links to other relevant information.
10. Communication about student progress takes place formally for each student, through progress reports, which are usually issued 3 times a year. Queries about events at the college may be made by phone to the college or by e-mail. There is a quick reference guide (Appendix 2) detailing who is the best person to contact for certain issues, but if in doubt, we advise parents to call Reception and they will be happy to assist.

5. Service Standards at Springwell Community College

We aim to respond to all parental communication as quickly as we can. Our aim is to ensure that:

- Emails and phone calls will be treated promptly with an initial response within 48 working hours (even if this is just to acknowledge receipt and to promise a full response by a certain date)
-
- Letters receive either a verbal response (usually by phone) within 48 working hours or a written response within 5 working days.
- Notes in your child's planner will be addressed within 48 working hours, providing your child ensures the note is shown to the appropriate member of staff.
- All complaints or suggestions will be cleared or resolved in 5 working days (please see our complaints policy for more details of how complaints will be handled).
- In exceptional circumstances where it is impossible to meet these deadlines, then the initiator will be contacted to explain why there has been a delay and when a full reply will be made.
- Please bear in mind that messages sent at weekends may not be dealt with until the following working week, and emails sent in holidays should not expect a reply until term-time.
- We are happy for parents and carers to contact faculty leaders when there are concerns or queries about particular lessons; indeed, we encourage this. However, when doing so, we ask parents to bear in mind that most teachers teach hundreds of students at any one time and it is therefore impossible for them to undertake an extensive, ongoing dialogue with the parents of individual students over any significant period of time. We reserve the right for teachers to refrain from further contact where the demands for information become unrealistic.
- Emails that are abusive or unnecessarily unpleasant are very unlikely to receive a response unless there is a clear safeguarding concern. Likewise, staff are encouraged to put the phone down if they are faced with abuse.

6. Consultation

Consultation between the college, parents and students operates in the following ways:

1. Questionnaires are issued to parents and carers on a range of issues and through a variety of means (hard copy, through electronic surveys, email). They may be accessed through the website, distributed at specific parental events or via "student post". The consultation process via questionnaires addresses key service areas such as the curriculum, changes to the timing of the college day, uniform, the framework for parental forum evenings and primary school transition.
2. The college holds regular Parents' Forum events, where parents and carers are invited in to the college to give their views on what is currently working well in the college and what needs improving. They may also focus on specific issues that require more detailed consultation, such as those mentioned in the previous point.
3. The Governing Body (including parent governors) meets regularly and is consulted on a wide range of issues. One of the sub-committees specifically focuses on staff and student well-being.
4. The Parent, Friends and Teachers' Association meets once a half term and is used by the Headteacher as a further means of gathering parental views.
5. The student voice group Students Matter are consulted on a range of key issues relating to the college. Meetings take place once a month with additional meetings for specific issues.
6. Members of the Leadership Team undertake "Climate for Learning Walks" regularly and discuss learning with students as part of this exercise.
7. Consultation between external agencies takes place with a view to improving the service provided by the college, for example, there is a multi-agency meeting each term hosted by the college.
8. The Special Educational Needs Department works closely with individual students, parents/carers and external experts and meetings are held frequently to discuss best practice and provision for individuals and groups.

6. Advice for parents

If parents and carers are unsure about who to contact with a specific issue or query, please refer to the *"Who to contact? FAQs"* document which is on the college website and attached as an appendix to this policy. (Appendix 1).

Parents and carers are encouraged to raise concerns at an early stage. This can be done through a variety of means:

- A letter via their child's tutor
- An email or phone call to the college office (details are on website)
- A phone call to Reception or Student Services
- An email or phone call to their child's Student Progress Leader
- By making an appointment to meet a member of staff
- By a comment in their child's planner
- At Parents' Evenings

Whilst the Headteacher is very willing to receive both suggestions and enquiries, parents/carers will appreciate that in some circumstances it may be more appropriate for another member of staff, who has a more detailed knowledge of the issue, to respond in the first instance. However, if the response does not answer your concerns, then you are very welcome to contact the Headteacher directly.

We understand that sometimes parents and carers may be frustrated about issues that arise and we will always do our best to solve any problems. At the same time, our staff should not have to put up with communication that is rude, abusive or aggressive. In addition, we would much prefer parents or carers to contact us directly with concerns rather than raise them on social media before we have had the chance to respond.

APPENDIX 1

Parental Communication with College: FAQ's

When should I contact college?

As soon as you have a concern! If in doubt, please contact us; we would far rather you contacted us for reassurance over something that turns out to be minor than spend time worrying about something.

I know class teachers are very busy. Is it ok to contact them?

Yes, it is fine to contact a class teacher if you need to. We only ask that you respect the fact that most teachers teach around 200 students and cannot therefore, realistically enter into a detailed dialogue over a prolonged period of time with individual parents. The vast majority of instances where parents need to contact teachers can be dealt with via a quick email exchange, so feel free to do this in the first instance. Please also note that, as stated in our Communication Policy, we do not expect teachers to reply to messages outside of working hours.

How quickly can I expect a response to my queries?

Please refer to the main section of the Communication Policy (on the website) for full details.

How do I know who is the best person to contact?

The table below is intended to help parents and carers with information about who to contact in certain, common scenarios. If you are unsure about who to contact, we recommend you call reception on 01246 473873, where our staff will be able to point you in the right direction.

Individual email addresses follow the format of first initial, surname and then @springwellcc.org (eg for Mr Joe Bloggs, it would be jbloggs@springwellcc.org). If you are not sure of the name or spelling, please contact Reception or Student Services.

Is there anything else I should bear in mind?

Hopefully this guide, along with our full communication policy, covers what you need.

We understand that sometimes parents or carers may be frustrated about issues that arise and we will always do our best to solve these. At the same time, our staff should not have to accept communication that is rude, abusive or aggressive. Equally, we would much prefer parents or carers to contact us directly with concerns rather than raise them on social media before we have had a chance to respond.
